reddot winner 2022

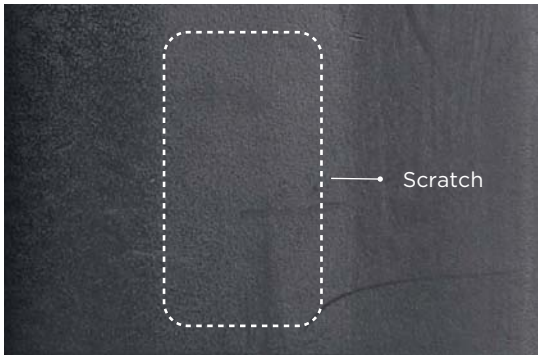

This stunning Matte Black finish adds sophistication and depth to our elegant faucet designs. Its silky sheen and delicate color gradation create a sense of luxury like no other.

Our “shot-blast processing” forms a chrome plating by physical vapor deposition (PVD) on faucet fixture surface irregularities. The result is a gorgeous Matte Black finish with a lustrous sheen and fine color nuances.

### A scratch and tarnish-resistant hard surface ensures long-lasting beauty and cleanliness.

This hard surface is more resistant to scratching than coated surfaces. Even in high-traffic bathrooms with daily cleaning, TOTO’s beautiful Matte Black (PVD) finish will stand the test of time.
